Auckland Film Society regrets to announce all screenings are suspended for the time being, as the country moves to Level 4 Alert and the curtains close at Academy Cinemas .

We hope to be able to re-schedule these events sometime in the future.

In the meantime, we will be keeping up to date with government advice, and doing our best to adjust appropriately.

Thank you all for your patience and understanding. We will be back in touch as soon as we have more news. Look for updates here and on the AFS Facebook page.

Take care, keep safe and look out for each other, one and all.
